

THE CL:AIRE NETWORKING SERIES

Thursday 9th May 2013

17:30 to 20:00

Hosted by the Geological Society of London

In association with Atkins & Vertase FLI

The CL:AIRE Networking Series is a programme of events aimed at bringing together the CL:AIRE Membership organisations and Fellows of the Geological Society of London. It will provide an opportunity to create new company and individual connections, capture industry problems, solutions, new ideas and highlight the latest developments in the industry.

The first of these events will be held on Thursday 9th May 2013 at the Geological Society of London, Burlington House and will run from 17:30 to 20:00. The theme for the night will be The Importance of Geology in Managing Contaminated Land.

Registration for this event is free to CL:AIRE Members and Society Fellows. Please email georgina.worrall@geolsoc.org.uk to book your place. There are limited spaces available so they will be allocated on a first come first served basis.

Event Timetable

17:30 Doors open - tea & coffee in the Lower Library.

18:00 Lecture theatre - Welcome address CL:AIRE / Geological Society. Aims & Objectives.

18:15 Presentation: The Importance of Geology in Managing Contaminated Land - Prof. Andy Cundy, University of Brighton

18:30 Q&A

18:45 Lower Library - General networking / research poster displays and discussion.

19:50 Closing remarks and thanks.

Wine and buffet food will be provided in the Lower Library during the networking session. CL:AIRE and Geological Society staff will be on hand to help with introductions and importantly capture feedback.

We hope you can join us for what we hope will be an enjoyable event.
