

Management of materials on redevelopment schemes - characterisation, disposal/transfer, reuse & imports

23rd September 2015 13:30-17:00hrs.

Room MC331 University of Wolverhampton, Wulfruna Street,
Wolverhampton, Room MC331 WV1 1LY

The event will include presentation by Environment Agency on recent waste management guidance (WM3) & others on best practice technical advice or details of opportunities for soil management opportunities for either re-use, or characterisation where waste disposal or off site treatment is appropriate . See below for full programme.

SPECIAL INVITATION - Dunton Environmental kindly offers EPUK & CIEH Members the unique opportunity to visit their new Waste Treatment Facility in Wolverhampton for the official launch & BBQ Lunch

18th September 2015 (12pm-3pm)

You can register your interest at the following link:

<http://www.duntonenvironmental.com/environmental-and-industry-news/invitation-wolverhampton-treatment-hub-launch/>

The cost to attend the seminar event is £10 +VAT = £12.00 for EPUK & CIEH members & £72 (including VAT) for non-members (but includes benefit of 12 months membership of Environmental Protection UK).

This event is eligible for CPD of 3 ¹/₂ hrs

(Option of 1 hr additional CPD, where visit to Waste Treatment Hub also selected).

As places are limited, please let us know of your intention to attend by replying direct to Gazala Amir at: gazala.a94@gmail.com

Queries regarding the event or membership contact Karen Thornton (West Midlands Region Secretary on behalf of EPUK) at kthornton@nhbc.co.uk
